

The Princess Royal Trust
for Carers

DONATION FORM

There are estimated to be almost six million carers in the UK and this number will inevitably increase with time, in fact 13 million people can expect to become carers in the next decade. Currently one million people care full-time, often for 24 hours a day, seven days a week, year on year. As a charity, we rely heavily on voluntary income to enable us to provide carers with the support many desperately need. With your help, we can continue to reach many more carers across the UK - **Thank you**
